Terms of service

Version 1.0 | Effective November 1-30, 2026 | Fictional test content

1. Service and agreement

Operator and scope

Northgate Parking is a fictional operator used for software demonstrations. These mock terms apply to Central Courtyard (CTR), Riverside Yard (RIV), Station East (STA), and Airport Approach (AIR), for parking dates November 1-30, 2026. They are sample content, not a statement of actual law or an offer by a real business.

What a booking provides

A confirmed reservation grants use of the identified parking space for its stated start and end times. It does not provide custody of the vehicle, a valet service, insurance, storage of goods, or permission to stay overnight. Keep the confirmation available until departure.

Customer information

Provide a name, surname, registration plate and accurate booking interval. The driver must be authorized to use the vehicle. Correct a plate error before entry through the booking service or support. A booking applies to one vehicle at a time.

Terms of service

Version 1.0 | Effective November 1-30, 2026 | Fictional test content

2. Responsibilities and restrictions

Customer responsibilities

Choose a space type that fits the vehicle and comply with the posted route and 10 km/h site speed limit. Lock the vehicle, keep valuables out of view and supervise children. Keep access aisles, charging equipment and emergency routes clear.

Prohibited activities

No sleeping in vehicles, camping, vehicle sales, mechanical repairs, fuel transfer or storage of hazardous goods is permitted. No trailers, buses or vehicles above 3,500 kg gross mass are accepted. Do not connect equipment to an outlet other than a designated charging socket.

Operator responsibilities

The operator provides the reserved space or offers an equivalent space with the customer's agreement. If no suitable replacement is available because of an operator closure or allocation error, refund the unused parking period. No alternative facility is imposed without customer agreement.

Terms of service

Version 1.0 | Effective November 1-30, 2026 | Fictional test content

3. Problems, documents and contact

Incident reporting

Report damage or a service problem promptly using the entrance intercom or help@northgate.example. Include the reservation ID, facility, event time and a factual description. Keep relevant photographs and receipts. Do not include payment card details in email.

Policy order

The confirmation controls the agreed facility, space, interval and price. Facility guides describe entrances and local equipment. Booking, cancellation, vehicle and charging policies explain the corresponding service rules. All documents in this mock release use version 1.0 and the same November 2026 validity period.

Support handling

Customer support operates daily from 06:00 to 22:00. Written complaints receive a mock target response within five business days. These example terms do not attempt to describe or remove any rights supplied by applicable law.
